

AXIS Q3615-VE Network Camera

Outstanding image quality with easy installation

Thanks to its 1/1.9" sensor and high-performance image processing, AXIS Q3615-VE supports Lightfinder and WDR - Forensic Capture with optimal image quality in difficult light conditions. It provides HDTV 1080p video at 30 fps with WDR, or up to 60 fps with WDR disabled. AXIS Q3615-VE offers a unique remote pan/tilt/roll/zoom (PTRZ) solution, easy conduit connection and cable management for minimized installation time. The PTRZ capability is also useful if the camera needs to be redirected. Robust and reliable, AXIS Q3615-VE is designed for harsh environments. Electronic image stabilization delivers steady images even during vibrations.

- > Exceptional video quality with 1/1.9" sensor
- > Lightfinder and WDR Forensic Capture
- > HDTV 1080p up to 60 fps
- > Unique remote PTRZ capability for efficient installation
- > Axis Zipstream technology
